Describes the functioning of the thyroid gland and discusses the causes and treatment of the various thyroid disorders that affect adults, children, and pregnant women

## Reviews of the *Your Thyroid: A Home Reference* *by* David S. Cooper, Lawrence C. Wood

**Rainbearer**

Not sure about this book. My thyroid doctor suggested it after my thyroid surgery. It didnt answer any questions I had. Was not worth it.

**Cordann**

This book tells a lot about the thyroid gland and how it affects the body. It uses some medical language that is deeper than most people understand.

**Anayajurus**

Outdated.

**Scoreboard Bleeding**

Came in good condition and at a low price

**Kulalbine**

My sister recommended this book and my daughter loved it. It provided so much understanding of thyroid problems. I recommend it to anyone with thyroid problems.

**Coiwield**

It was an old yellow paged paperback.

**Meztisho**

Very helpful information. I am experiencing thyroid issues and this book answered most of my questions. Have recommended to a friend

Good purchase
