With hundreds of travel-related expressions, including greetings, questions, numbers and more, the Berlitz Phrase Book and CD offers business and leisure travelers key words and phrases needed for a trip abroad. In print and audio, its up to date, relevant content makes the Berlitz Phrase Book and CD an essential tool for today's travelers. Each foreign language phrase is repeated - slowly at first and then at normal speed - so learners can build confidence.

Reviews of the Berlitz Swedish Phrase Book & CD by Berlitz

Simple fellow

It is a really useful book for people with no time to learn Swedish using the long way. Practical words, phrases, idioms, and expressions. If you only want to communicate accurately in many situations without any idea what the Swedish is, this is the right book, the cassette is very interactive. Don't forget your Swedish dictionary Berlitz also, is really good despite its size. Both are easy to carry on with you all time.

Use_Death

My husband wanted to have this book and actually he likes it because he wanted to reconnect with his roots. He is learning fast sentences and unusual words. It's easy understanding book for this difficult language.

Unsoo

received in great shape book was in great shape like the updates to the language also liked the print and the pronunciation guide was very helpful very pleased with the book

Karg

Great for my grandkids.

Enditaling

I bought the Swedish book a few months ago and it is very useful and has lots of words and phrases in it. I would deff reccommend to buy it if you want to learn Swedish.

Asyasya

I am using this to teach a friend my native language and so far it seems to be a better teacher than I am!

romrom

Swedish is a very difficult language for Americans to pronounce. It's a double tone language. In other words, you often stress more than one syllable in the same word. This sounds kinda silly to English speakers. You simply cannot look at this book (or any book) and try to speak Swedish. What is good about this book is the pronuniation guide that appears beside each word. This makes it possible that you won't sound silly every time you try to speak Swedish. Once you have been in Sweden and listened to the way they speak, you can use this book's pronunciation guides and try to immitate the Swedes.

But, this book is really only for travelers, and travelers don't need to speak Swedish. Most Swedes speak English very well.

I started learning Swedish phrases through reading this book but come to find out when I had a real Swede tutor me later on that the pronunciation of the words and phrases in the book were mostly wrong. It is a good book to learn quick vocabulary and phrases but be sure to learn the correct pronunciation first!
